Dear Mr. Seacrest:

Making the switch from cable to satellite at the Kootenai River Inn Casino & Spa was completed with minimal interruption to our guests, and I would like to recognize Jacob Harris and Nicholas Jones for a job very well done.

I was mighty pleased to have all of my concerns, including the fine tuning of the Directv signal to our restaurant and suites addressed with professionalism, and I'm grateful for it. Mr. Harris went the 'extra mile' and was available via cell phone to ensure we were satisfied which made this transition effortless. Thank you!

Sincerely,
